We live in an estranged society - diffuse  
Only 10% males have friendships -

Engel - male is designed for combat, not friendship  
Seeking financial security has replaced seeking truth  
Relational is most vulnerable in Christians  
A lot of Christians have gone to the extreme of  
saying the family is God's unit, rather than  
the church  
Ja. 13:34-35

Need to use J.C. as example - love one another  
World should want what we have

Rom. 12, I Cor. 12, Eph. 4 - each part dependent  
Acts 20:31-42 admonish & tears - embraced & kissed

~~II~~ Thess 2:7-11 mothers & fathers

I Cor. 16:15 - be strong (like a general)

~~II~~ Tim 1: & Timothy

Paul could apply & transmit this subjectively  
In relational area his manifested lack of  
word & sanctification

Coleman's Master Plan. (Ch. 2)

association - how much time is enough?

Need discernment - find out if the disciple is ready  
What kind of barriers @ know sin barriers - low defects

(B) Must deal & defects - need to be accountable & submitted

(C) How to approach a gifted, strong, wild stallion  
Be aware of sin areas, defects, as you disciple  
- cultivate a taste for listening to others  
- be sensitive

(D) Prioritization - as life situations change we have  
to seek the Lord's plan e.g. marriage

"Disciples will mimic your priorities  
family life flows out of church life" - not vice versa  
Biblically raise children

Easy to get caught up in ministry - functional

We live in an estranged society - different

July 10 to 15 - 1987 - 1988

Engel - made a diagnosis for contact, not friendship  
Getting financial records, had copies of records with  
Relationship is most visible, but not the only one  
What of children's lives given to the experience of  
The family is hard, want, better than  
The church

Need to use U.S. as examples - have one with  
World changed what we have
