

SETTING GOALS

A goal is planned organized stretching.

1. What am I doing that requires the Holy Spirit to get it done?
2. Will my goals get me where God wants me to be?

*Find Scriptures to
fit each goal*

Goal Setting

1. You must have a clear picture of the goal. If you know why you won't ever have to know the how.
2. Have confidence you can achieve anything and everything God has called you to do. If you wait for the right circumstances you will never move out in faith.
3. Commitment - on the basis of what I know to be God's will I will obey, leaving all the consequences to God.
4. Course of action - God will show you how! If you back off in unbelief God will not show you more of His will.
5. Calendar of events - put a time limit on it. Trust God for the TIME in your schedule.
6. Courage to act - when you exhibit unwavering faith everyone jumps aboard. Obey God when there looks to be no way to fulfill the goals.
7. Consistency - keep on keeping on. The struggle produces strength and maturity. Your people will follow you.
8. Controlled emotions - insecurity, inferiority, and inadequacy are not in the Bible. Don't live by your emotions. Don't be afraid of criticism, of failure, of rejection. With conscious dependence on God, obeying His known will, nothing or no one (Satan, etc.) can defeat you or deflect you away from your goals.
