Worksheet 10: Ministry and Fellowship Schedule

Schedules ministry activities and plans for fellowship with other Christians should be planned, proactive, positive, and public. Private prayer and Bible study is not your ministry activity. Men's Monday prayer breakfast or studying the Bible with Billy on Tuesday are good ministry/fellowship activities. Recurring plans (e.g., a commitment to attend regular events like weekend services or home church) are a good way to make this into a lifelong habit.
