This is the second division of Daniel
— mostly predictive with 4 separate visions
This first vision is the most compre-
hensive, covering the entire course of events in the
involved in all the visions. The other 3
are about certain portions of this total sweep
of history - Show map
of church age

The "time gap" is symbolized in
all four of the visions

The reason for these predictive
visions was to reveal the "times of the Gentiles"
1. God's future plans for His Chosen People
i.e. they would return from captivity,
2. then messiah would come to deliver
them from spiritual bondage to sin
3. + much later from physical
bondage & He would rule over
4. a powerful earthly empire
This was their HOPE

This is the usual business
 usually produced with the
 the target vision in the
 vision, which is the
 involved in all the vision
