

Ps. 22

(v. 1) "My God, My God - why has thou forsaken me?"

(v. 3) "Thou art Holy" - God had to forsake Christ because Christ became guilty at this point for all of our sins. He endured for this period of time - what we would have endured for eternity.

(v. 7-8) (Mk. 15: 29 - Mt. 27: 39) Jesus could have come down. But he hung there because He loved us so.

(v. 9-10) Birth - Virgin
Saved from Herod

▼ (v. 17-18) Description of events on the cross. The probability of all these details being fulfilled is astronomically impossible mathematically.

(v. 27-31) (Phil. 2: 9-11) → All about His glorification & the witness about Him to the ends of the earth.

Why has there been a change in the way we think about the world?

(1.5) The scientific method is a systematic way of gathering information about the world. It involves making observations, asking questions, forming hypotheses, and testing them.

(1.7-8) Science is a body of knowledge that is based on empirical evidence. It is a way of thinking that is based on observation and experimentation.

(1.9-10) Science is a way of thinking that is based on observation and experimentation. It is a way of thinking that is based on observation and experimentation.

(1.11-12) Science is a way of thinking that is based on observation and experimentation. It is a way of thinking that is based on observation and experimentation.
