

Tape 1 - Evangelism as a way of Life

1. Raise curiosity - "intriguing" provocative language
2. Evidence -
 - ⓐ investigating the person - a woman of hope + not despair
 - ⓑ stimulating
 - ⓒ relate - "I'm in love w/ J.C."

How to get to the point of Christ?

- evangelism is a command

- "John Wesley" ^{you set yourself on fire} "when ~~people~~ ^{people} are set on fire ~~people~~ ^{people} will come to watch you burn"

If you are not excited about Jesus you haven't been in contact - people in pain - the unbelievers - need inward journey to match outward journey

Diff between imposing a value + exposing a value
Conversion - trusting God to follow thru
let people across the goal line

Pray that God
Trust in faith that God keeps His Word - Get them across the goal line

Tape 2 Getting the Story Straight

1. Get the story straight
2. " " " out - talk to people
- 3 Take the story in - transformed

1. Get the story straight - rediscover the art of story telling - make Jesus come alive!

(a) J.C. wanted to bring people home To 1.

(b) "Extravagant love -"

(c) "God + people are all that last"

(d) " was compassionate"

(e) " was perceptive + sensitive - to lead self image

(f) " was passionate G.K. Chesterton

(g) " was exasperating why? Violated

religious piety - J.C. liked sinners. The pharisees wanted J.C.'s attention - but He loved the little people

So What?

1. Be obedient - Jesus said "Do what I say" Revelation is based to obedience. It acts upon what Jesus said if you dont, what you have will be taken away

2. Have the freedom to fail

3 J.C. was very confident, out-spoken -
He was God's audio-visual to planet earth
We must communicate J.C. this way
What does it mean to have J.C. as Lord

What is it that fundamentally controls me?

- power
- popularity
- materialism

Only way of liberation is to allow J.C. to control - He must be our center
Who does He think He is?

1. He's the Lord God - He is the 'key'
2. J.C. knows His the only One who can control you - not destroying you
He love you so!

III Learning to Love -

Jesus-pattern for our proclamation religious activity, to the exclusion of relationship

Values clarification

Pharisees had a 'holy huddle'

the disease of the devoted
Jesus said ^{a life that demonstrates} profound love of God's neighbor & self (the human cause is God's cause)
lifestyle - everyone is precious - blind beggar - children

teaching duke:
- rich lawyer. Jesus raised a question
model: raise a Q.
Jesus sums up life in terms of loving neighbor
- actions reflect theology
- sociology " . . . s " how you treat people tells how you relate to God
radical identification in love
radical difference
when didn't I love?

How could I have done better - give me advice

IV Sharing the Message

Practical tips on sharing

Where do you get stuck?

1. Intellectual doctrines

2. Mechanics

^{most} ~~needed~~ → 3. Building communication skills

Model is God:

1st Model asking questions - challenge

1. investigate - roam around like an island

2. stimulate

3. relate the reason for the hope

2. stimulate + acts called to open eyes - provocative statements
prayer, holy life,

3. relate - share the reason for the hope

2nd Model Concentric circles

1. General

2. Specific

3. Abstract - philosophical

4. Theological - what does God think

3rd Model

1. Relationships - to a common denominator

2. Belief - what do you think about Revelation

3. Knowledge

2. Don't get into arguments here

3. Ask them to reveal their source of knowledge

Then give your apologetics

Role play - hostile skeptic - respond to

the hostile one a) agree when you can

b) I hear correctly c) what do you mean?

what can we do to earn your respect?
