Babylonian Creation Epic - "Enuma Elish" - Tablets

Marduk

Diff:

1. Deities' relationship to matter - O.T. YWHE Trans.
2. Monotheism vs. polytheism
3. Light eternal vs. God created light
4. No struggle between Gods in Gen.
5. Starting with H₂O - all religions except O.T.
6. Sun + Moon, then stars in O.T. (Babylon stars)
7. God speaks - & it occurs. All others use hands

Babylonian - rebel gods - man doesn't fall
 Christian can explain nature of man -
 because of fall - explains evil + negatives in world

Both draw from a common source - the prel Creation

Creation

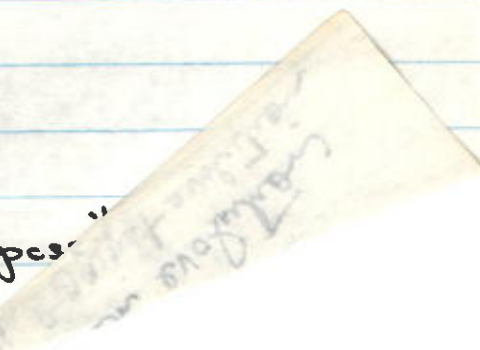

Moses - generations left out, also Joshua

Ways to explain life + the universe:

1. Atheistic evolution - a natural process - by chance
 to explain earth - man apart from God
 - (a) Similarity denotes kinship
 - (b) Descent with modification
 Darwinian - natural selection

Problems:

1. Statistical chances ~~is~~ impos.
2. Mutants = de-evolution rather
3. One genetic code - compl

2

→ Emergent evolution - cannot be analyzed, falls outside field of science

Gleason Archer - D.T. Survey.

Chances of animate coming out of inanimate - impossible
life non-life

[2] Theistic evolution - with God thrown in.

Problems: Biblical exegesis disagrees
"After its kind" = Order

[3] Day Age Theory "yom" - not necessarily 24 hr. day
rather a period

(v. 14) = time when mist rose

Problems: geological record says green vegetation
~~and~~ marine life

[4] Religious Myth View "spiritual" values, holds it on (chs. 1-11)

Problems: ① No parabolic language e.g. Jesus'

② No demonstrable transition between 11 & 12 in Gen. structure etc. - no break

(secular history shows up at 2000 B.C.)

③ Both Jesus & apostles affirm this view

(Mt. 19:3-10, J-E) (Rom. 5:12-14, I Cor. 15:21-22, Mt. 24:37)

[5] Days of Revelation - 6 literal days while Moses was up on the Mt. Sinai - weak but not wrong

[6] Flood Theory - rejects geological dating
1-10 thousand yrs.

Problems: deposits of gypsum & coal

[7] Gap Theory - previous creation, & God re-created between (Gen. 1:1 & 1:2)

"Became" formless

(Isa. 45:18 - God did not create "waste-land" deep-formless-void = metaphorically 'evil')

(Jer. 4:23-25) = "I saw earth formless & void"
Creation: 20-40 thousand B.C.

Problems: Why God did it - was it Satan

Gen 2 & 3 - Nature of Man

Man before the fall:

(Gen. 1:26) "image of God" - man has a spirit
Dominion = rulership

(2:15) - "cultivate it & keep it" = work is before the fall.
(goal attainment)

(2:18) - "not good to be alone" = personality relating (animal does not have it v. 20)

(2:20) - naming animals - classifying them
science, knowledge

(2:24) - Woman + man = sexuality "Be fruitful"

(2:25) relationship of unity - total communication
"one flesh"
